Attorneys for Plaintiff, Sandhills Global, Inc.

**UNITED STATES DISTRICT COURT
DISTRICT OF NEW JERSEY**

SANDHILLS GLOBAL, INC.,

Plaintiff,

v.

LAWRENCE GARAFOLA, individual, and
FACTS TECHNOLOGY LLC, a New Jersey
limited liability company,

Defendants.

Civil Action No. 3:19-cv-20669

CERTIFICATION OF JOHN D. MILLER, III

I, John D. Miller, III, hereby certifies as follows:

1. I am an attorney-at-law of the State of New Jersey and a member of the law firm of Bressler, Amery & Ross, P.C., attorneys for the Plaintiff Sandhills Global, Inc. ("Plaintiff" or "Sandhills") in this matter. I am the partner responsible for this case and am fully familiar with the

facts and circumstances relating thereto. I submit this Certification in further support of Plaintiff's Motion for a Temporary Restraining Order.

2. Attached hereto as Exhibit 1 is a true and accurate copy of a Declaration from Evan Welch.

3. The attached Declaration of Evan Welch contains an electronic signature of that individual.

4. Mr. Welch has acknowledged to me that his signature as it appears on his Declaration is genuine. A copy of the Declaration with the original signature pages affixed thereto will be filed with the Court if requested by the Court or any party.

I hereby certify under penalty of perjury, that the foregoing statements made by me are true and correct.

/s/ John D. Miller, III

John D. Miller, III

DATED: December 4, 2019

EXHIBIT 1

Declaration of Evan Welch

1. My name is Evan Welch. I am competent to testify to the facts set forth herein and do so from personal knowledge.

2. I am the Director of New Product Sales at Sandhills Global, Inc. ("Sandhills"). I have been employed by Sandhills since January 2016.

Sandhills Global, Inc.

3. Sandhills connects buyers and sellers in the trucking, agriculture, construction, heavy machinery, aviation, and related industries (the "Sandhills' Industries") through both print and online channels, and across retail, rental, wholesale, and auction markets.

Equipmentfacts, LLC

4. In July 2018, Sandhills purchased substantially all of the assets of Equipmentfacts, LLC located in Flemington, New Jersey, from its sole owner and the Chief Executive Officer, Lawrence Garafola. Equipmentfacts is now a Sandhills brand.

5. Equipmentfacts provides online auction solutions for heavy equipment, truck, agriculture and related auction industries through industry-specific online bidding systems, websites for virtual attendance at auctions, the *Auction Facts Monthly* publication, third-party advertisement services and podcast content (the "Business"). A true and correct copy of an excerpt of the July 2018 Asset Purchase Agreement, which provides this definition, is attached hereto as **Exhibit A** and incorporated by reference.

Facts Technology LLC

6. In September 2019, Lawrence Garafola formed Facts Technology, LLC. Facts Technology, a defendant in this matter, markets itself on its website (<https://www.factstechnologyllc.com/why-choose-us>) as "your #1 source for online auction

solutions.” Facts Technology’s website also states that “we have set up an easy to use, industry specific online bidding system that broadcasts auctions from locations around the world and streams directly to a bidder’s computer or mobile device.” I have reviewed Facts Technology’s website and its listing of brands, a true and correct copy of the websites visited is attached hereto as **Exhibit B** and incorporated by reference.

Facts Technology competes with Sandhills

7. Sandhills’ Equipmentfacts is marketed as an “easy-to-use, industry specific, online (auction) bidding system that broadcasts auctions from around the world and streams them directly to a bidder’s computer.” An example of this marketing can be seen in **Exhibit C**, a true and correct copy of which is attached hereto and incorporated by reference.

8. Facts Technology is marketed as an “easy to use, industry specific online bidding system that broadcasts auctions from location around the world and streams them directly to a bidder’s computer.” An example of this marketing can be seen in **Exhibit D**, a true and correct copy of which is attached hereto and incorporated by reference.

9. From a practical standpoint, Equipmentfacts:

a. Enables auctioneers to simulcast live and timed onsite auctions to national and international bidders.

b. Allows bidders to participate in the auctions, enabling them to place pre-bids and real-time bids, view detailed sales catalogs, and check current bids.

10. From a practical standpoint Facts Technology, by and through its brand “Auctioneer Facts”:

a. Enables industry specific auctioneers to simulcast live and timed auctions to national and international bidders.

b. Allows bidders to participate in the auctions, enabling them to place pre-bids and real-time bids, view sales catalogs and check current bids.

11. Sandhills and Facts Technology provide substantially similar, if not the same, industry specific online auction services in direct competition to one another.

12. Facts Technology, through Auctioneer Facts, directly competes with Sandhills because it also offers live video and audio auctions on an online platform.

13. It is evident that Facts Technology is offering its online auction solution to customers across the Sandhills Industries because I have been contacted by several Sandhills customers who have said Mr. Garafola has solicited them on behalf of Facts Technology. Attached as **Exhibit E**, which is incorporated by reference, is a true and correct copy of an email solicitation sent on behalf of Facts Technology to an unknown number of individuals on November 27, 2019.

14. Mr. Garafola claims that the “names of companies and their contacts” are publicly available and are available to him through his membership in the National Auctioneer Association.

15. Upon review of the National Auctioneer Association database neither J.B. Dimick nor Ray Gombiski, both of whom received solicitations from Facts Technology for AuctioneerFacts, have their contact information listed in the National Auctioneer Association’s online membership directory.

OilfieldFacts’ Upcoming Auction Offerings Compete with Sandhills

16. Permian International Energy Services (“Permian”) is a former Sandhills’ customer that ran its auctions on Equipmentfacts.com.

17. Recently, Permian began listing its auctions on OilfieldFacts.com, a Facts Technology brand.

18. On December 3, 2019, a 2011 Ford F250 trucks as well as a number of Ford F150s trucks sold on Equipmentfacts.com, as reflected on **Exhibit F** attached hereto.

19. On December 3, 2019, I reviewed Permian's auction catalogue for an auction scheduled with oilfieldfacts.com on December 10, 2019. Permian's auction catalogue consists of 646 items.

20. Lot 36 of the Permian auction on OilfieldFacts.com is identified as a "2011 Ford F250 Lariat Super Duty Crew Cab." This is the same model of Ford truck that just sold on Equipmentfacts.com.

21. Lots 37-39 of the Permian auction on OilfieldFacts.com are identified as 2001 Ford F150s. These are the same model of Ford trucks that just sold on Equipmentfacts.com.

22. A true and correct copy of a screenshot showing Lots 36-39 on OilfieldFacts.com is attached hereto as **Exhibit G**.

23. As set forth above, there is direct overlap in items listed for auction on Equipmentfacts.com and OilfieldFacts.com.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on December 4, 2019

Evan Welch

EXHIBIT A

EXECUTION VERSION

ASSET PURCHASE AGREEMENT

dated as of

July 16, 2018

by and among

SANDHILLS PUBLISHING COMPANY,

EQUIPMENTFACTS, LLC

AND

LAWRENCE GARAFOLA

ASSET PURCHASE AGREEMENT

THIS ASSET PURCHASE AGREEMENT (this "Agreement") is made and entered into as of July 16, 2018, by and among Sandhills Publishing Company, a Nebraska corporation ("Purchaser"), Equipmentfacts, LLC, a New Jersey limited liability company ("Seller"), and Lawrence Garafola ("Seller's Sole Member").

WITNESSETH:

WHEREAS, Seller is engaged in the business of providing online auction solutions for the heavy equipment, truck, agriculture and related auction industries, including providing industry-specific online bidding systems, websites for virtual attendance at auctions, the "Auction Facts Monthly" publication, third-party advertisement services and podcast content (the "Business"); and

WHEREAS, Seller desires to sell, and Purchaser desires to purchase, substantially all of the assets of Seller, subject only to certain Liabilities to be assumed by Purchaser, on the terms and subject to the conditions set forth in this Agreement.

NOW, THEREFORE, in consideration of the foregoing initial paragraph and recitals, and the representations, warranties, covenants, agreements, conditions and indemnities contained in this Agreement, and intending to be legally bound, the Parties agree as follows:

ARTICLE 1. THE TRANSACTION

1.1 Sale and Purchase of Assets. At Closing, Seller shall sell, transfer and deliver to Purchaser, or cause to be sold, transferred and delivered to Purchaser, and Purchaser shall purchase from Seller, all of the assets of Seller (except only the Excluded Assets) (the "Included Assets"), free and clear of all Liens. The Included Assets include the following, wherever located, as of the Closing Date:

(a) The equipment, hardware, furniture, supplies, tools, moveable signage and other tangible personal property set forth on Schedule 1.1(a) (collectively, the "Tangible Personal Property");

(b) All Intellectual Property of Seller, including the Intellectual Property set forth on Schedule 2.12(c), as well as all rights to and under the Licensed IP and the Software;

(c) All rights to and under all customer contracts and purchase orders, whether written or oral, including those set forth on Schedule 1.1(c) (collectively, the "Customer Contracts");

(d) All rights to and under the agreements, leases, subleases, assignments, instruments, Liens, guaranties or other similar arrangements, whether written or oral, with any independent contractor, consultant, vendor, supplier or other provider, set forth on Schedule 1.1(d) (collectively, the "Vendor Contracts" and together with the Customer Contracts, collectively the "Contracts");

Why Facts Technology

Facts Technology has been providing Auctioneers with cutting edge technology, support and services for decades. We know the auction industry and we talk the language.

We have set up an easy to use, industry specific online bidding system that broadcasts auctions from locations around the world and streams directly to a bidder's computer or mobile device. When bidders can't make it to the auction site, they simply login to attend the auction virtually. Our online auction service benefits both sellers and buyers because our system makes it very simple for high numbers of bidders around the world to attend auctions, resulting in an increase of participants per sale. We pride ourselves in providing excellent customer service, responsive technical support staff, custom social media initiatives and promotional video marketing services.

Our bidding technology is fast, reliable, secure, and surpasses the limitations of on-site auctions. Our services are currently used by numerous auctioneers located around the country. Created with the user's experience in mind, the technology includes many features to help online bidders to quickly and easily find the auctions or items they're looking for with more effective filters and search features - all while being equally compatible on both desktop and mobile devices.

We are your #1 source for online auction solutions.

Auctioneers watch the video to learn about Auctioneer Facts

The advertisement features a dark background with a faint, large-scale pattern. At the top, the text "we broadcast" is in a small, white, sans-serif font. Below it, the words "YOUR AUCTIONS" are prominently displayed in a large, bold, white, sans-serif font. To the right of "AUCTIONS", the text "since 1999" is written in a smaller, white, sans-serif font. In the center, there is a circular icon containing a white play button symbol. Below this icon, the text "LIVE VIDEO AND AUDIO SIMULCAST" is written in a white, sans-serif font. To the left of the play button icon, the text "NO COMMISSION ON YOUR SALES" is written in a white, sans-serif font. Below the play button icon, the text "BUILD YOUR OWN BRAND" is written in a white, sans-serif font, followed by "PRIVATELY BRANDED AUCTION PLATFORM ON YOUR WEBSITE" in a smaller, white, sans-serif font. On the right side, there is a small image of a computer monitor displaying a website interface with various auction listings and navigation elements.

Why Auctioneer Facts?

Auctioneer Facts is an online broadcaster of live webcast and timed auctions. With Auctioneer Facts, you can webcast your auctions online around the world or around the corner. Our system is web 2.0-based, linked directly to your website and keeps your clients inside your own auction platform. We offer the latest and safest web technology with real time video and audio and easy-to-use bidder interface.

Our Experienced Team

Auctioneer Facts: decades of auction experience and online bidding

- Led by Larry Garafola, Founder of Equipmentfacts
- Team of auction professionals and programmers
- Over 18 years of experience
- Excellent reputation in the market
- Over 100,000 auctions conducted with flying colors
- State-of-the-art mobile technology
- Far-reaching SEO expertise
- Tried and renowned Technology
- Proactive solutions and competitive strategies
- 24/7 technical support

A Complete Solution

- Auctioneer Branded Solution
- Full Administrative tools
- Platform fully integrated to your website
- Live Webcast auction system
- Timed auction system
- Pre-bidding available
- Payment solution
- PCI-compliant
- SEO-driven catalog
- Google-driven catalog

No Commission

Keep 100% of your Sales; they're yours.

Auctioneer Facts works on a **commission-free**, flat fee system that lets you keep the full amount earned at your auctions. Our fee includes all our online broadcasting and services as well as real time video and audio services. Additional services available upon request.

Our Mobile Solutions: Go Beyond!

Your audience is shifting gears, follow its path and be accessible at all times.

Nowadays, mobility has become an essential element that will leave its mark in the course of the next decade. Internet browsing habits are changing and we are witnessing a profound shift towards mobile platforms. It is **expected** that mobile phones will become the first Internet connection tool **worldwide within 2020**.

Mobile sites offer its audience a user-friendly browsing experience from their Smartphone. Consumers therefore have access to relevant information and to a company's services at all times.

BROADCASTING & STREAMING

Equipmentfacts' easy-to-use, industry-specific online bidding system broadcasts auctions from locations around the world and streams them directly to a bidder's computer. Equipmentfacts handles many of the most time-consuming aspects of bidder management, including the bidder approval process, uploading the sales-day catalog, and clerking on auction day.

EQUIPMENTFACTS BENEFITS

- Easy-to-use, industry-specific online bidding system
 - Broadcasts auctions from anywhere in the world
 - Streams auctions directly to bidders' computers
-

EQUIPMENTFACTS

Equipmentfacts offers bidding management solutions that make it easy for local auction companies to accept bids from anywhere in the world. Serving auctioneers worldwide, Equipmentfacts streams live, high-definition broadcasts of auctions directly to bidders' computers. The fast, secure, and user-friendly online bidding system makes it easy for bidders to participate, enabling them to place pre-bids and real-time bids, view detailed sales catalogs with multiple photos from each lot, check current bids, and communicate with auction clerks.

ACCESS

For almost two decades, Equipmentfacts has been helping auctioneers simulcast their live onsite equipment auctions with a complete set of auction and bidder management tools. In addition to this extensive track record of successful auction support, Equipmentfacts also enables auctioneers to:

- Simulcast live onsite auctions to national and international bidders
- Use a complete turnkey solution for online bidding and bidder management
- Rely on Equipmentfacts staff to perform bidder approvals, upload sales day catalogs, and complete auction day clerking tasks
- Provide bidders with auction day chat support from highly knowledgeable technicians

Equipmentfacts also enables auctioneers to offer their customers the ability to accomplish the following things, all through Equipmentfacts.com:

- View a complete auction calendar
- Submit pre-bids and remote real-time bids
- Browse auctions and sales catalogs
- Find auctioneers
- Register to bid
- Add listings and auctions to a Watch List
- Set alerts
- View current and previous auction results
